Dear Zoran Novaković:

This letter is to express my interest in your posting, on Microfinance gateway, for a IT Project Manager. I believe that my strong background in IT consultancy, combined with my extensive experience in MFI organization software, will be an asset to your organization.

My experience and achievements include:

- 2 MFI Software suites (KREDITS and ASPEKT)
- Analyzing, planing, projecting, designing, installing, monitoring and maintaining IT environment in more then 3 companies (one MFI organization)
- Testing, integration, user documentation and training (among other 2 mentioned MFI software suites)
- Improvement of the IT system according to the new bussines needs, legal regulations and user requirements

I understand the importance of staying up-to-date on industry trends and technologies, and make it my priority to ensure a company runs smoothly and the proper protocols, procedures, and staff are in place.

Throughout my career I've taken numerous trainings and certification exams, to assist not only with my professional development, but to let each company I've worked for know my commitment to my profession and position. I hope to show your organization my passion and dedication.

I've attached a copy of my resume that details my experience. I can be reached anytime via my cell phone, ++381641836034 or via email at nijepa@gmail.com. I look forward to speaking with you about this employment opportunity. Expected salary: Negotiable. Thank you for your time.

Best Regards,

Nikola Pavićević
